Superintendent Dan Wessel

GATING CRITERIA FOR MASK MANDATE

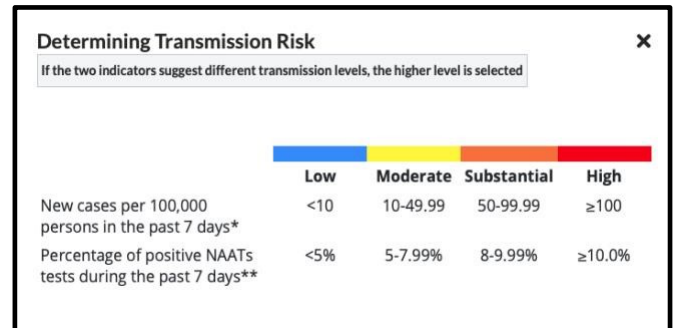

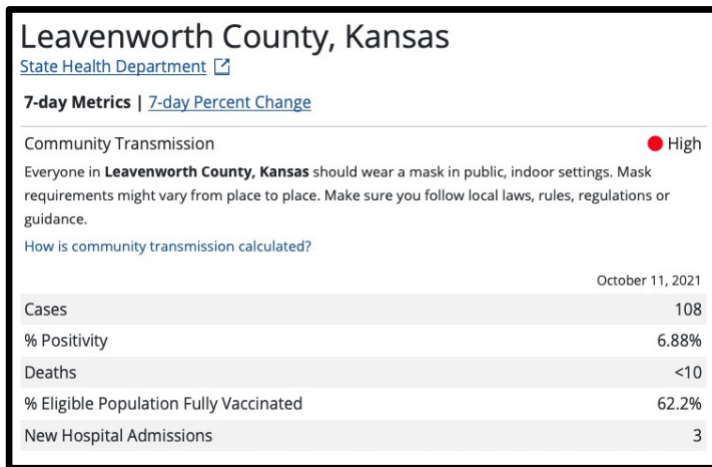

Approved by Lansing USD 469 on 10-11-2021

I am recommending we follow the [Center for Disease Control and Prevention](https://www.cdc.gov)'s guidance regarding masks. The CDC's recommendation is as follows:

"People, including children older than 2, should wear a mask in indoor places if they are:

- Not fully vaccinated
- Fully vaccinated and in an area with substantial or high transmission
- Fully vaccinated and with weakened immune systems"

As of October 11, 2021, Leavenworth County is considered an area of high transmission based on the CDC's website:

It is my recommendation to monitor CDC's recommendation each Monday and follow their guidance regarding the mask requirement in Lansing USD 469 for all students and staff. There is a link to the Leavenworth County, Kansas Community Transmission Dashboard on our website, so that parents can track our current Community Transmission at any time.
